LETTER FROM THE DIOCESE REGARDING THE PROPOSAL FOR THE STRUCTURAL ASSESSMENT OF OUR CHURCH BUILDING:

Hi Fr. Lukasz:

Thank you for the proposal from Connelly, Hickey and Dell Tech. I think they are worth exploring as possible future consultants for the diocese, and will encourage Dennis Rodano to have further conversations with them when time permits.

Although you have proposed this alternative vendor, we are going to work with the companies that Dennis Rodano first proposed. After further consideration and discussion, we recommended to Bishop Sweeney that we move forward with our original plan, and he made the decision to accept our recommendation. We made this decision for a few reasons. First, we wish to avoid any further delay. This new proposal would require additional discussion and review; we already know of the availability of our proposed vendors and can schedule them in a timely way. Second, the Diocese of Paterson, through our self-insurance program, ultimately incurs the liability for facilities issues at the parish level. We need to use contractors in whom we have confidence and with whom we have experience. Third, your alternative proposal includes a scissor lift. As mentioned, we are relatively certain that the use of a lift will require the removal of some pews and may put too much stress on the church floor.

In the end, with the diocese's generous offer to cover about 80% of the expense, the difference in the cost would be about \$1500 (provided a lift were, in fact, possible).

Bishop Sweeney has also decided that if, in spite of the reasonable proposal by the diocese, you or your committee continue to object adamantly to our contractors and refuse to pay a portion of the total cost, the diocese will assume the total cost of the assessment. If, after the assessment, you would like a second opinion, the parish would be welcome to secure one at its own expense.

Bishop Sweeney believes that this would be a good time for him to meet with the members of the parish committee personally, as it appears that there is a significant mistrust of the diocese. The Bishop is hopeful that a personal conversation will allow him to listen to the concerns of your parish leaders and perhaps give us all an opportunity to agree that we are all trying to do what is ultimately best for the parish. I believe that Bishop Sweeney has spoken with you, letting you know that he will schedule a meeting as soon as possible (in mid-September) upon his return from Rome. I know that he is hoping that the parish and diocese can work with mutual trust and cooperation, which will be necessary to face any future challenges regarding facilities or finances.

I can assure you, as you already know, that there is no reason to doubt his pastoral concern for your community or his sensitivity to their situation.

Feel free to share this email with your committee if you think it would be helpful. Please be in touch with Dennis Rodano to keep the project moving, and feel free to contact me if I can be of further help.

Sincerely,

Fr. Paul Manning
